

Aisle mapping: sealed 3D endpoints

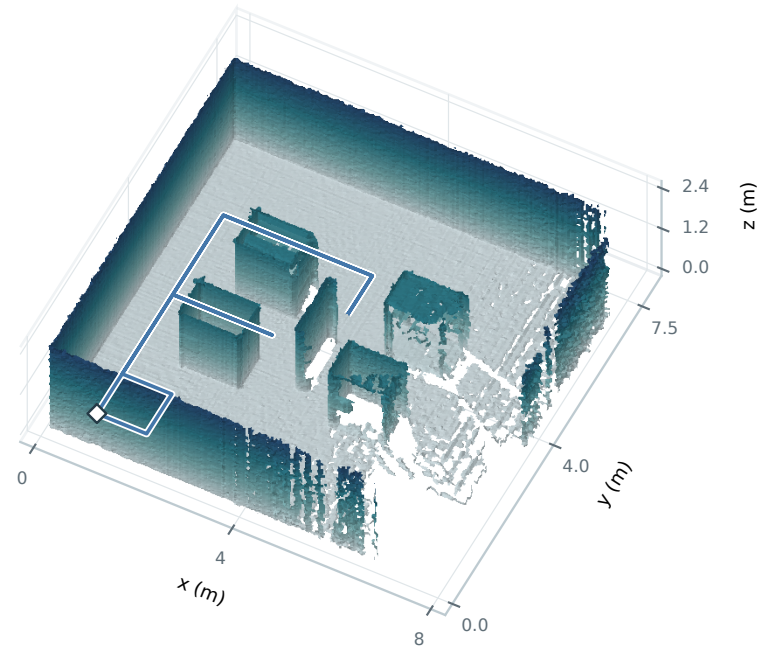

ART1_AISLE_DEV | 160 paid actions | noise seed 92801 | development snapshot

(a) Ground truth

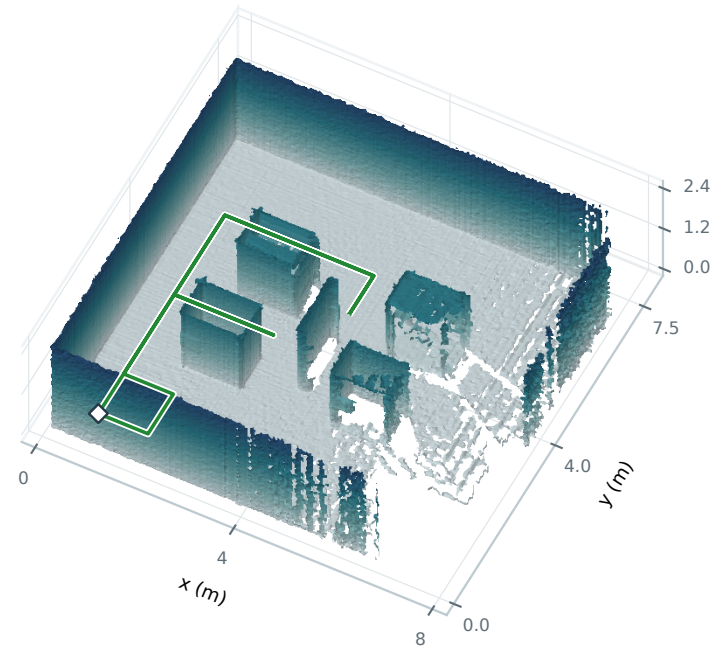

Offline geometry; no executed route

(b) G

F1 0.857 | 24.0 m

(c) S

F1 0.857 | 24.0 m

G and S: exactly identical saved vertices, triangles and XY routes.
This development endpoint does not establish a semantic advantage.

Full meshes, fixed view and scale. Route overlays the floor; diamond: start / return. GT also includes unobservable surfaces.
